

Peru Fiber Optic Cable Severance

Overview

The deal, announced in July 2023, aimed to reduce Telefónica's debt by 200 million euros and create a nationwide open-access wholesale fiber optic company. However, Entel's recent filing to the regulator revealed that the deal was terminated due to unmet closing conditions. 6Wresearch actively monitors the Peru Fiber Optic Cable Market and publishes its comprehensive annual report, highlighting emerging trends, growth drivers, revenue analysis, and forecast outlook. Our insights help businesses to make data-backed strategic decisions with ongoing market dynamics. The period from 2020 to 2024 saw Peru's import prices for these cables remain at levels substantially below their. Despite Telefónica stating it was on-track to hit its 2024 financial targets even after the Peruvian impairment, the ongoing sale of its stake in its neutral fibre optic network in Peru has fallen through, according to regulatory filings in the country.
